2008 NWFA FLOOR OF THE YEAR WINNER – JOHNSON YAREMA

## How'd they do that?

Fine craftsmen have the power to leave us speechless. They spend years refining their skills and pushing the envelope of the 'possible.' That's why Glitsa is proud to be the finish they turn to time and time again. We salute Johnson Yarema and Ralph's Hardwood Floors for their commitment to excellence and for taking home the 2008 NWFA Floor of the Year prize.

◀ *"You can't beat Glitsa's color and durability. Particularly on a more challenging project we need a product we can trust. Glitsa won't yellow, it lays beautifully, and we know it will last."*
