And the Winner is...

Jon Blakeman of Traditional Hardwood Floors, Madison, Wisconsin was the lucky winner of Glitsa American's Infinity Waterbase Sweepstakes and is now the proud owner of a Harley Davidson Softail Night Train.

Jon's name was handpicked by Duane Bartel, president of Glitsa, at the drawing held in Glitsa's exhibition booth during the National Wood Flooring Association's annual convention in Palm Springs.

Unfortunately, Jon didn't attend the convention this year. A call was made by Duane, and after speaking to him and a few Glitsa representatives, Jon was convinced it wasn't a joke.

Jon says he was speechless when he heard the news, but now that he has the bike his whole family is into it. Let's just say that "riding" was the theme for Father's Day this year. Jon doesn't have any rallies planned yet, but a 3-day trip is in order soon.

Jon regularly uses Infinity and says he tried it because it was a Glitsa product and his distributor recommended it. He says he kept using it because "It dries fast, doesn't foam and has a nice color".

**From everyone at Glitsa,
Congratulations
and ride on!**
